

King Size Brick

9 5/8" x 2 5/8" x 2 5/8"

King Size Brick is a full clay brick, designed to provide the timeless appearance, durability, and performance of genuine clay masonry. Its elongated dimensions create a clean and refined look while maintaining the natural color variation and texture that make clay brick unique. Ideal for both interior and exterior applications, **King Size Brick offers excellent thermal and acoustic properties, long-lasting beauty, and a durable solution for a wide range of architectural projects.**
